

BENEFITS OF A RETIREMENT PLAN

Setting up a plan and what to expect

Most people understand that they are responsible for their retirement nest-egg. Therefore, by setting up a workplace retirement plan you can help your employees save for their future and at the same time prepare for yours.

Offering a retirement plan benefit can help your business in more ways than one.

REDUCE CORPORATE TAXES

Employer contributions are tax-deductible

SECURE YOUR RETIREMENT

Plan, fund and save for your retirement future

RECRUIT, RETAIN AND REWARD EMPLOYEES

Must-have benefits to help attract top talent to your business

SETUP

We start by understanding your retirement plan objectives and create a custom plan design analysis that aligns with your business goals.

- + Discuss business goals for establishing a retirement plan
- + Partner with a retirement plan advisor
- + Select a recordkeeper
- + Sign setup documents
 - Plan document
 - Service Agreements
 - Recordkeeper documents

After the initial setup documents are complete, we host an onboarding conference call to clearly identify a timeline for setting up a plan and to answer any questions. For new plans, the process takes 4-6 weeks from the initial conversation to having a fully setup and operational retirement plan.

ON-GOING EXPERIENCE

For your on-going experience, Premier Plan Consultants will provide support and complete the following annual requirements:

- + Partner with you to offer a powerful company benefit
- + Be a resource for your questions
- + Review and monitor your retirement plan to ensure it is meeting employer needs as best as possible
- + Complete compliance testing requirements
- + Discuss your current plan design
- + Recommend updates and changes as company goals and/or demographics change
- + Review trust assets to ensure all assets are accounted for and in the correct accounts
- + File the required Form 5500

Today, businesses of any size can easily establish a 401(k) plan that is reasonably priced, simple to implement and requires little time to administer.

Offering a 401(k) plan not only helps your employees, but also helps your firm be more competitive in the marketplace.
